HERBS							
Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Agastache</i>	Blue Fortune	Blue Fortune Anise Hyssop	24 - 26"	mid - late summer	blue	sun	Blue-violet flower spikes on wonderfully fragrant foliage.
<i>Allium cepa</i>	Candy	Candy Onion				sun	85 days. Easy to grow, day-neutral, white sweet onion that can be spring planted in the North. Jumbo to colossal-size onion (up to 6" across) is incredibly sweet and mild. Lasting quality and fine flavor. Storing potential of approximately 3 months.
<i>Allium porrum</i>	American Flag	American Flag Leek	24"	NA		sun	10" long leeks have a sweet onion flavor, great in soups and stews. For long, straight, white leeks, mound soil up around the stems at planting so leaves stick upright, and continue to hill soil up around them as they grow,
<i>Allium schoenoprasum</i>	Alba	White Flowering Chives	15 - 18"	summer	white	sun	Beautiful, robust, white flowered form of the delicious salad vegetable. Deadheading can result in flowers all throughout the season. Fresh flowers and leaves can be used in soups, salads, and as cut flowers.
<i>Allium tuberosum</i>		Chives	16 - 18"	summer	pink	sun	Popular fresh or dried for their mild onion flavor. Deadhead after first bloom for continued color throughout the season.
<i>Aloysia triphylla</i>		Lemon Verbena	3 - 4'	foliage	white	sun	Amazing lemon scent. Bushy shrub with strong lemon flavor for teas and potpourri. Perennial if brought indoors to overwinter. May be pruned to any height.
<i>Anethum graveolens</i>	Bouquet	Bouquet Dill	18 - 24"	summer	foliage	sun	Most widely grown! Good seed and leaf yields. Edible seeds and greens flavor many foods. Popular addition to sauces and a must for making pickles. Foliage known as dill weed.
<i>Artemisia dracuncululus</i>	Sativa	True French Tarragon	24"	foliage	foliage	sun	Essential, culinary herb; aromatic plant with delightful licorice flavor. Narrow, pale green leaves with distinctive flavor. Likes a warm, sunny spot!
<i>Asclepias tuberosa</i>		Butterfly Milkweed	12 - 24"	early summer	orange	sun	Butterfly and hummingbee favorite. Brilliant orange flowers. Hassle-free perennial. Use in dried flower arrangements.
<i>Beta vulgaris</i>		Gourmet Blend Beets	10"			sun	A delightful mix of beets - Golden, candy striped, pink, white, and (of course) red.
<i>Beta vulgaris</i>	Bright Lights	Bright Lights Swiss Chard	12 - 18"	foliage	foliage	sun	All American Selection Winner. Almost neon stalks of gold, pink, red, violet and white, deeply crumpled leaves. Beautiful and tasty!
<i>Beta vulgaris</i>	Rhubarb Red	Rhubarb Red Swiss Chard		foliage		sun	Deep crimson stalks contrast with dark green leaves, making this a beauty in the edible landscape. Very hardy heirloom.
<i>Brassica</i>	Dinosaur	Dinosaur Kale	24 - 36"	foliage	foliage	sun	Long dark blue-green, blistered leaves look very prehistoric - fun for kids and adults!
<i>Brassica</i>	Garden Mixer	Garden Mixer Kale		foliage		sun	Why choose just one? We'll mix red and green, flat and ruffled for your garden.

Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Brassica oleracea</i>	Deluxe Mix	Deluxe Mix Cabbage	20"			sun	Three full-sized cabbages in one pack! 'Deadon' is a red tinged savoy that holds in the field down into the 20s. 'Ruby Perfection' is a mid-late season cabbage with purply leaves. 'Late Flate Dutch' has a flattened shape and crispy white leaves.
<i>Brassica oleracea</i>	Gypsy	Gypsy Broccoli				sun	62 days. One of the most heat-tolerant broccolis. This hybrid is very uniform, with high quality dome shaped heads. Ideal for bunching and crown cuts. Resistant to Downy Mildew.
<i>Brassica oleracea</i>	Jade Cross	Jade Cross Brussels Sprouts				sun	85 days. Early maturing. Deep green sprouts are spaced closely on medium sized plants. Firm, oval-shaped, medium sized sprouts. Holds well in adverse weather.
<i>Brassica oleracea</i>	Kossak	Kossak Kohlrabi	30-36"			sun	70 day. Grows twice the size of other kohlrabi and yet the white flesh maintains its sweet, delicate flavor with no trace of woodiness. Provides a long season of good eating.
<i>Brassica oleracea</i>	Redbor	Redbor Kale	25 - 36"	foliage	foliage	sun	Deep purple curly leaves. Wonderful ornamental edible! Withstands frost; if left all summer a fantastic eye-catching addition to the garden!
<i>Brassica oleracea</i>	Winterbor	Winterbor Kale	25-36"	foliage		sun	Lovely kale with ruffly blue-green leaves. Color darkens and flavor improves in cooler weather.
<i>Capsicum annuum</i>	Beaver Dam	Beaver Dam Pepper	30"-36"		foliage	sun	Heirloom pepper brought to Beaver Dam, WI by Hungarian immigrants. Sweet with a little heat when mature. Red color darkens to chocolat purple when ripe.
<i>Capsicum annuum</i>	Carmen	Carmen Sweet Pepper	24"			sun	Carmen is a traditional, horn-shaped Italian sweet pepper. It matures early from green to red and is extremely productive in a wide temperature range.
<i>Capsicum annuum</i>	Cayenne Cheyenne	Cayenne Cheyenne Pepper	15" - 18"			sun	Flavor has cayenne heat with plenty of sweetness, perfect for salsas and stir frying. These are big chunky fruits at 8-9". Medium sized , prolific plants.
<i>Capsicum annuum</i>	Cherry Stuffer	Cherry Stuffer Pepper	2-3'			sun	Bright red 2" globes are perfect for stuffing, grilling, salads or snacking. Less heat with more sweet than classic Cherry Bomb peppers.
<i>Capsicum annuum</i>	Flaming Jade Serrano	Flaming Jade Serrano Pepper				sun	This All-America selection hybrid Serrano boasts a heavy set of large fruit on tall plants and packs a strong disease resistance package.
<i>Capsicum annuum</i>	King of the North	King of the North Red Bell Pepper	24 - 36"		foliage	sun	The best red bell pepper for northern gardeners where the seasons are cool and short. Blocky, uniform fruits are excellent for stuffing or fresh eating. Great sweet flavor.
<i>Capsicum annuum</i>	La Bomba II	Jalapeno La Bomba II Pepper	32-40"			sun	New! Smooth jumbo-sized fruit on disease resistant plants. 65-70 days from transplant to ripe red fruit.
<i>Capsicum annuum</i>	Lady Bell	Lady Bell Pepper	24 - 36"		foliage	sun	A good producer of 3 x 5" sweet, juicy bells. Rich green matures to bright red.

Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Capsicum annuum</i>	Lunch Box Mix	Lunch Box Mix Pepper	30"-36"		foliage	sun	Bite size peppers in cheerful red, orange and gold shades. Fruits are about the size of a Jalapeno, but 100% sweet. Perfect snack for tossing in lunches, as well as salads and stir fries. Plants are tall and high yielding.
<i>Capsicum annuum</i>	Mama Mia Giallo	Mama Mia Giallo Pepper	30"-36"		foliage	sun	Italian fry-style pepper with cheery golden yellow color, bountiful fruit set, sweet flavor, good foliage cover to prevent sunburn, and compact tidy plants. Elongated 7-9" fruit are suggested for use raw, fried or roasted.
<i>Capsicum annuum</i>	Poblano	Poblano Pepper	24"			sun	One of Mexico's most popular chiles, for roasting, sauces, and the famous chile relleno. Known as "chile ancho" when dried. Mild to medium hot; as with all peppers, remove seeds and white interior membrane to reduce the spiciness.
<i>Capsicum annuum</i>	Shishito	Shishito Pepper	24"-36"		foliage	sun	This is the trendy appetizer pepper these days. Grilled or pan-seared and salted, they become the perfect pop-in-your-mouth snack. The sweet mild peppers are mid-green, wrinkled, slender, 3-4" long.
<i>Capsicum annuum</i>	Snack Red	Snack Red Pepper	15"			sun	Compact plants are covered with elongated sweet peppers about the size and shape of a jalapeno. Toss them into your salad--or lunch bag.
<i>Capsicum annuum</i>	Sweet Banana	Sweet Banana Pepper	18-24"			sun	Large, pointed fruits measure 6-7" long and 1 1/2" across. The mild yellow peppers ultimately turn brilliant red. A favorite for pickling.
<i>Capsicum annuum</i>	Sweet Heat	Sweet Heat Pepper	10"			sun	Mini bells boast a bit of heat to balance out their sweetness. Very compact plants bear heavily and are early to ripen at 55 days. Perfect for a deck or patio pot.
<i>Capsicum baccatum</i>	Aji Cristal	Aji Cristal Pepper	24"		foliage	sun	With dozens of upward pointing, pale yellow 3-4" fruits, this native of Chile has a unique smoky citrus flavor that is perfect in salsas raw or cooked. 30,000-50,000 Scoville Heat units - about like a Cayenne.
<i>Citrullus lanatus</i>	Crimson Sweet	Crimson Sweet Watermelon	15-24"			sun	80 day maturity. Large, round melons averaging 25 lb. are light green with dark green stripes. Flesh is dark red, firm and fine-textured.
<i>Citrullus lanatus</i>	Sugar Baby	Sugar Baby Watermelon	8 - 10"			sun	10-12 lbs. (60-65 days) A summertime treat, Sugar Baby sets an abundance flavorful fruit on compact vines. Thick, near black rinds at maturity. The quality and sweetness of the flesh is good and the smaller overall size makes icebox cooling easy.
<i>Citrus limon</i>	Variegata	Variegated Lemon	8 - 13 ft	spring - summer	white	sun	RHS Award of Garden Merit. Strikingly beautiful, creamy margined foliage; has some thorns. Outstanding plant for the patio container especially in fragrant bloom. Fruits are useable.
<i>Coriandrum sativum</i>		Coriander	24 - 36"	foliage	foliage	sun	Seeds used in soups and curries, leaves known as cilantro or 'Chinese Parsley'.
<i>Cucumis melo</i>	Orange Sherbet	Orange Sherbet Cantaloupe	12-18"			sun	Tuscan type melon with great flavor. Combining a high sugar content with a strong melon flavor, it is one of the best eating cantaloupes available.

Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Cucumis sativus</i>	Calypso	Calypso Cucumber				sun	56 days. Medium green, blocky with white spines. Good tolerance to both northern and southern disease complexes. Vine is strong, vigorous and productive. A popular pickling cucumber.
<i>Cucumis sativus</i>	Garden Sweet	Garden Sweet Slicing Cucumber				sun	A burpless, non-bitter slicing cuke with smooth fruits 8 to 10" long. Powdery mildew resistant. Provide support for best results.
<i>Cucurbita pepo</i>	Black Beauty	Black Beauty Zucchini				sun	58 days. Compact, spiny everbearing bush with dark greenish-black skinned fruits. Long, cylindrical fruits are best eaten when 6-8" long. Excellent variety for freezing.
<i>Cucurbita pepo</i>	Buckingham	Buckingham Zucchini	18 - 24"			sun	A compact zucchini for urban gardeners or even patio containers! Gold fruits are best in the 6-10" range.
<i>Cucurbita pepo</i>	Burgess	Burgess Buttercup Squash				sun	110 days. Extra rich and sweet in flavor, the deep orange flesh is firm and smooth. The blocky 6-8" wide x 3 1/2 - 4" long, dark green fruit have a small grey "button" at the blossom end and grow on a full vine.
<i>Cucurbita pepo</i>	Cornell's Bush Delicata	Cornell's Bush Delicata Winter Squash	18 - 24"			sun	2002 All-America Selections Winner! Plant produces excellent yields of 8" long by 4" wide squash. The squash has a sweet potato flavor with deep gold flesh. Stores for 4 months. Bush type plant spreads only 36" and is suitable for small gardens. 80 days
<i>Cucurbita pepo</i>	Romanesco Cocozelle	Romanesco Cocozelle Zucchini				sun	An Italian heirloom summer squash. Compact and easy to grow, produces plenty of zucchini all season long with beautiful striping. Delicious sliced and served fresh, fried, steamed or simmered.
<i>Cymbopogon citratus</i>		Lemon Grass	3 - 4'	foliage	foliage	sun	Dense clumps of lime-colored grass. Cultivated for aromatic lemon oil. Great in stir fries and Asian cooking. Perennial if brought indoors to overwinter.
<i>Foeniculum vulgare</i>	Dulce	Bronze Fennel	5'	foliage	foliage	sun	Decorative annual herb with bronze-red foliage. Used extensively in landscapes for unique contrast. Vigorous and uniform strain is slow to bolt.
<i>Fragaria ananassa</i>	Honeoye	Honeoye Strawberry	8 - 10"	june	white	sun	Try Honeoye if you want the tastiest strawberries ever! This large, "sweet as Honey" Junebearing variety gives Honeoye its name. It is the best for freezing! Honeoye also has a beautiful red color and it is a fantastic yielder!
<i>Laurus nobilis</i>		Bay Laurel	3-10'	N/A	foliage	sun	Frost sensitive tree. Great patio plant. Dried leaves are standard cooking herb.
<i>Lavandula</i>	Phenomenal	Phenomenal Lavender	24-32"	summer	purple	sun	Extremely tolerant to heat & humidity with superior winter survival, with remarkable fragrance and flower presentation above uniform mounds of silvery foliage in spring and summer.
<i>Lavandula angustifolia</i>	Hidcote	Hidcote Lavender	18" - 24"	june - sept	purple	sun	Excellent, compact lavender with deep blue-purple flowers and silver-grey leaves. One of the hardiest of the lavenders.

Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Lavandula stoechas</i>	Bandera Purple	Bandera Purple Lavender	7-9"	Summer-Fall		sun	This is a power packed fragrant lavender. It flowers so heavily that the plant can look like a heaping mound of dark purple flowers. Wonderful in containers. It holds its mound in the garden without falling open.
<i>Levisticum officinale</i>		Lovage	3-6"	Summer		sun-part shade	<i>Levisticum officinale</i> , commonly called lovage, is a culinary herb that is often grown in herb gardens for the celery-like flavor of its leaves, stems, roots and seeds.
<i>Mentha</i>	Berries & Cream	Berries and Cream Mint	15"			part shade	Dark green peppermint leaves smell and taste of berries and cream. Use finely chopped leaves in summer drinks or add to sauces and drizzles for deserts. Makes an excellent tea.
<i>Mentha</i>	Chocolate	Chocolate Mint	2'	N/A	foliage	sun-part shade	Peppermint patty scented, easy-growing herb. Bronzy-tinted foliage and light chocolate essence.
<i>Mentha</i>	Ginger	Ginger Mint	12-28"	spring		sun	Aromatic mint plants will rock your rock or herb garden. Offering up a show of pink blooms in spring, ornamental plants put on a colorful season-long show of lightly-variegated, gold-flecked serrated leaves throughout the season.
<i>Mentha</i>	Mojito	Cuban Mint	12-36"	summer	white	sun	This vigorous grower has a milder and warmer mint scent and taste than most mints.
<i>Mentha aquatica citrata</i>	Grapefruit	Grapefruit Mint	18-24"			sun-part shade	The large, thick green leaves are slightly crinkled on their edges. The stems are stiff and upright. The scent is of citrus and mint.
<i>Mentha spicata</i>	Moroccan	Moroccan Mint	12 - 18"	summer	lavender	sun	New! Used for tea. Has that peppermint look with a slightly elongated leaf and nice lavender blooms.
<i>Mentha spicata</i>	Spearmint	Spearmint	12-24"			sun-part shade	Spearmint has strong flavor and fragrance, and is easy to grow. Excellent for containers.
<i>Ocimum basilicum</i>	Amethyst Improved	Amethyst Improved Purple Basil	16 - 20"	N/A	foliage	sun	Nice, thick, turned-down leaves like the classic Genovese. This almost-black basil is a real stunner.
<i>Ocimum basilicum</i>	Eleonora	Eleonora Basil	18-24"	n/a	foliage	sun	Slightly cupped to flat, 3" leaves with a somewhat spicier flavor than traditional pesto types.
<i>Ocimum basilicum</i>	Genovese	Genovese Basil	24 - 30"	june - frost	white	sun	Excellent pesto basil! Classic aroma and flavor. Uniform, tall, and slow to bolt. Large, dark green leaves.
<i>Ocimum basilicum</i>	Mrs. Burns Lemon	Mrs. Burns Lemon Basil	20 - 24"	summer	white	sun	The best tasting lemon basil, with sweet, tangy flavor. Bright green foliage and white blooms make this basil attractive as well as intensely flavorful.
<i>Ocimum basilicum</i>	Napoletano	Napoletano Basil	14-16"	summer	foliage	sun	Spicy, traditional basil flavor. Leaves are up to 4" long and tend to be lighter in color than other pesto types.
<i>Ocimum basilicum</i>	Sweet Thai	Sweet Thai Basil	12-18"	summer	white	sun	Attractive purple stems and blooms. Try it as a flavorful garnish for sweet dishes.
<i>Ocimum x citriodorum</i>	Pesto Perpetuo	Pesto Perpetuo Basil	18 - 36"	foliage	foliage	sun	A lovely variegated form with light green leaves and a creamy white edge. Will live indoors as a tropical perennial. Pungent basil and lemon flavor. Distinctive columnar habit.

Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Origanum</i>	Kirigami	Kirigami Ornamental Oregano	8-10"			sun	This non-culinary oregano makes a fragrant addition to baskets, borders or rock gardens. Light green foliage gives way to purple-green bracts with petite rose colored flowers. Heat and drought tolerant.
<i>Origanum majorana</i>		Sweet Marjoram	18 - 24"	summer	white	sun	Essential annual culinary herb for seasoning sausage, meats, italian sauces, and vegetables.
<i>Origanum rotundifolium</i>	Kent's Beauty	Kent's Beauty Oregano	10 - 14"	summer	pink	sun	Semi-prostrate branching stems covered with hop-like pods and lavender florets. Wonderful in containers or cascading down boulder walls. Needs well drained soil.
<i>Origanum vulgare</i>	Supreme	Supreme Italian Oregano	6-8"	summer		sun	This is the leading potted oregano variety in Italy. This is a highly aromatic oregano that is ideal for sauces, meats and dressings. It is even used in Italian pastries.
<i>Petroselinum crispum</i>	Moss Curled	Moss Curled Parsley	10"	summer	foliage	sun	Leaves are dissected and curled together, presenting a dense surface. Flavor is milder than flat-leaf varieties.
<i>Petroselinum crispum neapolitanum</i>		Italian Parsely	12"	foliage	foliage	sun	The best parsley for flavor. Italian plain-leaved form is prized for its extra rich flavor for seasoning soups, etc.
<i>Physalis philadelphica</i>	Purple	Purple Tomatillo	24"	summer	foliage	sun	Rambling plants bear tomato-like fruits with an acidic tang, enclosed in a papery husk. Use cooked or raw. Bears best when 2 or more plants are planted near each other.
<i>Pogostemon cablin</i>		Patchouli	18-24"		white	sun-part shade	A bushy herb of the mint family the erect stems bear small, pale pink-white flowers. The heavy, strong scent has been used for centuries in perfume.
<i>Rheum palmatum</i>	Victoria	Victoria Rhubarb	30"			sun	Huge leaves on thick, green stalks that are reddish towards the base. Use the stalks only to make delicious tart pies and sauces. Produces heavy yields. Grows 2-3' tall. Harvestable mid-spring to early summer on 2-year old plants.
<i>Rosmarinus officinalis</i>	Barbeque	Barbeque Rosemary	48-60"			sun	The stems are sturdy enough to be used as skewers for shish kabob, and while cooking, your grilled items are infused with the particularly appealing rosemary flavor of this variety.
<i>Rosmarinus officinalis</i>	Prostratus	Prostrate Rosemary	2-3"	summer	purple	sun	Wonderful low growing rosemary. Essential culinary herb. Outstanding fragrance.
<i>Rosmarinus officinalis</i>	Upright	Upright Rosemary	36 - 60"	summer	blue	sun	Upright variety with long broad leaves on a thick woody stem. Fragrant larger blue flowers. Good production.
<i>Rubus idaeus</i>	Brazelberries Raspberry Shortcake	Raspberry Shortcake Thornless Raspberry	2' -3'	june		sun	Dwarf, thornless red raspberry has an endearing, rounded shape, and requires no staking! It nicely fills out a large container, or spreads slightly in the landscape. Self fertile, yielding large, nutritious, super sweet berries in mid-summer. Deciduous.
<i>Rubus idaeus var. strigosus</i>	Heritage	Heritage Raspberry	5' - 8'	summer		sun	Everbearing raspberry variety has small crop in July and a hearty fall crop of sweet red berries. Fruit stays intact and firm on the vine even when very ripe.

Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Rumex sanguineus</i> var. <i>sanguineus</i>		Red Veined Dock	12 - 18"	N/A	foliage	sun	Distinct red-purple veins color the foliate of this perennial, ornamental vegetable. Reddish-purple seedheads.
<i>Salvia elegans</i>	Golden Delicious	Golden Delicious Pineapple Sage	12 - 24"	fall	red	sun	Hummingbirds and bees will LOVE this plant! Bright chartreuse-yellow pineapple scented foliage provides a brilliant backdrop for the fire engine red tubular flowers that appear in fall.
<i>Salvia officinalis</i>	Berggarten	Berggarten Garden Sage	24"	foliage	foliage	sun	Early leaves are broad, forming a beautiful compact bush. Wonderful fragrance. Choice selection from Berggarten mansion, Germany.
<i>Salvia officinalis</i>	Purpurascens	Purple Garden Sage	8" - 12"	foliage	foliage	sun	Reddish-purple leaves, wonderful foliage with great fragrance. Perfect in containers or beds.
<i>Salvia officinalis</i>	Tricolor	Tricolor Garden Sage	18"	foliage	foliage	sun	Most colorful garden sage with white, pink and purple foliage. Wonderful fragrance. One of the most popular herbs.
<i>Satureja montana</i> ssp <i>illyrica</i>		Creeping Winter Savory	6 - 8"	late summer	purple	sun	PlantSelect award-winner for 2007! Deep blue-violet flowers on this attractive, prostrate growing form of the popular garden herb. Trim, evergreen mounds of foliage are covered with showy flowers late in the season. Requires well-drained soil.
<i>Solanum lycopersicum</i>	Amish Paste	Amish Paste Tomato				sun	Got a lot of canning to do? These babies will fill up the pot in a hurry. Elongated 8-12 oz. meaty fruits vary from oxheart to plum shapes that are rich red with paler shoulders. Amish heirloom from Pennsylvania.
<i>Solanum lycopersicum</i>	Beam's Yellow Pear	Beam's Yellow Pear Tomato	5'-6'			sun	75 days. Huge, bushy plants yield very large quantities of 1 oz., 1-1/2", bright yellow, pear-shaped cherry tomatoes right up until frost. This variety is zesty sweet and delicious. A beautiful salad or snacking tomato. Indeterminate stake habit.
<i>Solanum lycopersicum</i>	Bonny Best	Bonny Best Tomato	36 - 48"			sun	(aka John Baer) Bright red, meaty, smooth fruits with very good flavor. Once a leading canning variety, also great for fresh eating. Heavy producer. Indeterminate, 60-80 days from transplant.
<i>Solanum lycopersicum</i>	Brandywine	Brandywine Heirloom Tomato	72"			sun	Potato-leaf foliage. Very large, reddish-pink fruits averaging 16-24 oz. each. Flavor is exceptional and of gourmet quality.
<i>Solanum lycopersicum</i>	Chef's Choice Orange	Chef's Choice Orange Tomato				sun	Lovely golden-orange hybrid tomato was bred out of heirloom Amana Orange to produce improved disease resistance as well as perfectly balanced flavor. AAS winner 2014.
<i>Solanum lycopersicum</i>	Cherokee Purple	Cherokee Purple Tomato	36 - 40"			sun	A Heirloom favorite! Sweet like a Brandywine, not as late for us notherners. Tall vining plant.
<i>Solanum lycopersicum</i>	Chocolate Cherry	Chocolate Cherry Tomato	5 - 6'			sun	Tangy 1" fruits set in clusters of eight are a lovely rich wine-dark hue--somewhere between dark chocolate and ruby port.
<i>Solanum lycopersicum</i>	Defiant	Defiant Tomato				sun	Defiant was bred for resistance to late blight, early blight, fusarium and verticillium. Deep red medium sized fruits have firm texture and a flavorful balance of acid and sweetness. Determinate (bush).

Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Solanum lycopersicum</i>	Dester	Dester Tomato	48-72"			sun	This indeterminate German heirloom has won numerous taste test competitions. Large, 1 to 2 pound, pink beefsteak fruits with rich, sweet flavor are excellent for eating fresh or canning.
<i>Solanum lycopersicum</i>	Heirloom Marriage Big Brandy	Heirloom Marriage Big Brandy Tomato				sun	New cross between two venerable 19th century favorites. Brandywine brings the rich tangy flavor, Big Dwarf contributes compact plant size and sturdiness. Large flattened pinkish purple fruits at about 75-80 days.
<i>Solanum lycopersicum</i>	Isis Candy Cherry	Isis Candy Cherry Tomato	4-6'	summer		sun	Delightful, round one-inch fruits may vary in shades and blush patterns of reds to yellows, usually with golden flesh. Typically carry an intriguing "cat's eye" or star in yellow on the blossom end. The flavor is outstanding, sweet and fruity.
<i>Solanum lycopersicum</i>	Jaune Flamme	Jaune Flamme Tomato	48-60"			sun	Early crops of apricot-colored 4 ounce fruits borne on elongated trusses. Excellent fruity flavor with a perfect blend of sweet and tart. Great for drying or roasting, retains deep orange color. Indeterminate.
