Species	Cultivar	Common Name	Height	Bloom Time	Color	Light	Description
<i>Clematis</i>	Gipsy Queen	Gipsy Queen Clematis	10-12'	june - august	purple	sun-part shade	Deep, rich plum-purple flowers. Extra vigorous grower. Long flowering season.
<i>Clematis</i>	Ice Blue	Ice Blue Clematis	5-8'	Late Spring		sun	Crystal-white flowers suffused with cool, ice-blue can reach 8" across. They begin flowering from the ground up in late spring, blooming through summer.
<i>Clematis</i>	Minister Blue	Minister Blue Clematis	4-6'	Late Spring - Summer		sun-part shade	This continuous summer bloomer produces prolifically and dependably from late spring to the onset of fall on current season's growth. The soft violet-blue petals with nearly pink center bars deepen in color as they age. Exceptionally compact.
<i>Clematis</i>	Skyfall	Skyfall Clematis	8'	Summer		sun-part shade	A very unique looking flower, with light blue blossoms sprinkled with light violet splashes. A light, almost white bar appears at the center of the sepals. This blooms heaviest in June and July, then moderately through the end of August.
<i>Clematis</i>	Sweet Summer Love	Sweet Summer Love Clematis	10-12'	Summer		sun-part shade	Deep red buds open to cranberry-violet flowers that nearly cover the deep green foliage, delivering a spectacular display while perfuming the summer garden. Blooms over a month earlier than others and often continues well into autumn.
<i>Clematis texensis</i>	Princess Diana	Princess Diana Clematis	8'	june - july	pink	sun-part shade	Miniature pink tulip-like flowers. Deep pink central bar.
<i>Lonicera</i>	Mandarin	Mandarin Honeysuckle	15' - 20'	june - september		sun	Fast growing vine features tubular mandarin orange flowers with a pale orange interior. Long bloom season, late spring thru fall, and attractive to hummingbirds!
<i>Lonicera periclymenum</i>	Scentsation	Scentsation Honeysuckle	10'-15'	june-september		sun	A very showy vine with extremely fragrant yellow flowers blooms from mid-spring to late summer, followed by bright red berries. This floriferous honeysuckle has a very long bloom time. Non-invasive.
